

**NATIONAL INSTITUTE OF PHARMACEUTICAL
EDUCATION AND RESEARCH**
**(Under the Ministry of Chemicals and Fertilizers,
Department of Pharmaceuticals, GoI)**

Seminar on “**User awareness program for ELSEVIER e-resource**”

24th January, 2019

Organized jointly by NIPER-Hajipur and M/S RELX India Private Limited

Venue: Seminar Hall (NIPER-Hajipur)

Time: 12.00 pm

Export Promotion Industrial Park (EPIP)

Jandaha Road, NH 322

Hajipur – 844102, District Vaishali, Bihar

Seminar on User awareness program for ELSEVIER e-resource

National Institute of Pharmaceutical Education & Research (NIPER)- Hajipur and M/S RELX India Private Limited organized seminar on “**user awareness program for ELSEVIER e-resource**” on 24th January from 12.00 pm onwards. Dr. Subhra Dutta, delivered a lecture on how ELSEVIER e-sources can be used for searching relevant data and publications in a particular area of research. Subsequently, usage of Science -Direct journals and Scopus citation database in the field of pharmaceutical research was elaborated with live demonstration. Second lecture was delivered by Dr. Mandar Bodas, on “REAXYS” which is a chemistry-based database. He described the use of REAXYS tool which offers a highly intuitive interface and robust database to help leading chemists retrieve relevant chemical literature, patent information, valid compound properties and related experimental procedures. The whole program continued for 90 minutes. All faculties and students were present in the seminar.
